Medals

# Medals

All medal prices include engraving and ribbons. See ribbon page for colours and patterns. Medals are also available with no engraving.

Engraving is done on a plastic plate attached to the back of the medal. The plate colour will match the medal, and the engraved text will be black. Certain styles of medals have a black coated back which can be engraved on directly. The amount of engraving space available will be limited by the size and style of the medal.

Medal orders may take between 2 to 10 business days depending on stock availability. Nearing the end of school years and sport seasons, orders will take longer to complete. An estimated time for completion will be given with order confirmation.

## Generic Medals

Medal colours available depend on design. Prices include a standard insert (range available on request). Custom insert designs will cost extra. Inserts are 25mm diameter for most medal sizes or 50mm diameter for 70mm medals. Small details and text may be lost on complex designs.

## Sport Medals

Medals are only available in gold colour. The engraved plate can be gold, silver or bronze on request. Sports other than the ones listed may be available, please contact us to ask.

## Custom Medals

Custom medals are made to order using your design. Gold, silver and bronze finishes are available. High quality images are required to make the design. Prices are on request, please contact us to discuss options.
